

Dave Reiter Artist Residency at the Red Barn Studio Museum

March 8th - 29th, 2025

The Red Barn Studio Museum announces Dave Reiter as the artist-in-residence from March 8th to March 29th. A landscape painter working primarily in oils, Dave is from Parker, CO, and brings a unique texture-driven approach to his work.

During his residency Dave will focus on his project "Scenes from Kansas and Colorado," a collection of paintings for a two-person show at the Carriage Factory Gallery in Newton, KS, set for November 2025. This residency will allow Dave to draw direct inspiration from the Kansas landscape, shaping the final pieces for the exhibition.

Visitors to the Red Barn Studio are invited to observe Dave's creative process and engage with him as he paints. His work highlights the beauty and emotional depth of the environments he captures, offering a new perspective on the familiar landscapes of Kansas and Colorado.
